**ADDENDUM #1  
MARCH 5, 2024**

Firm's submitting a response to Hopkinton's IFB must acknowledge receipt of this Addendum #1 in its proposal.

Modifications/Clarifications to the INVITATION FOR BID

Q: Are the soils (approx 200 CY) currently stockpiled at the DPW or will the soils be coming in over the course of the year?

A: The street sweepings are not stockpiled. The DPW does two annual street sweeping efforts in the spring and the fall. Street sweepings will be delivered during those two efforts.

Q: Will the DPW load our trucks (I assume they will as this is customary)?

A: DPW will use town trucks and staff to deliver the street sweepings to the receiving facility.

Q: If the 200 CY are currently stockpiled, can we remove them all at once, over a few days with sufficient trucking?

A: The street sweepings are not stockpiled.

*All other provisions as stated in the IFB document shall remain in full effect unless any further changes or clarifications become necessary at which time an additional addendum will be issued.*
