Town Engineer

IMPORTANT – PLEASE READ
Main Street Corridor Project – Easement Appraisals

Dear Resident/Property Owner:

The notification is intended to inform property owners about the ongoing progress in the Main Street Corridor Project. As the Project's design continues to progress, the next step in the process is for the appraisal company (Howard S. Dono & Associates, Inc.) to complete an appraisal of all of the properties that will be subject to the temporary and/or permanent easements.

Property owners should be aware that they will be receiving a letter from the appraisal company within the next week. The appraisal company is required to contact property owners about the appraisal process. The letter will include information about the appraisal process and the contact information for the appraiser.

A review process is conducted once the appraiser finalizes their work. Once the review process is completed, the Town will be contacting property owners to inform them of the amount of just compensation they will be paid for the proposed easements. The Town is committed to keeping property owners up-to-date on the Project's progress.

As always, if you have any questions please contact the Town Engineer, David T. Daltorio, P.E. at ddaltorio@hopkintonma.gov or 508-497-9740.

Very truly yours,
David T. Daltorio, P.E.
Town Engineer
