Parking Lot at Bill's Pizza to Close in Preparation for Paving

(Hopkinton, MA - April 9, 2020) - Bill's Pizza has advised the Town that work to begin repavement of their parking lot will commence shortly. To ensure that this message reaches the community as a whole, the Town has deemed it appropriate to advise the public.

Please be advised that the parking lot adjacent to Town Hall, including both the entrance and exit, will be closed on Thursday, April 16 and Friday, April 17 as the contractor will be preparing the lot for paving. In the meantime, residents are asked to park, if necessary, in the on-street parking spaces on Main Street.

The lot will reopen at the end of the day April 17 or on Saturday, April 18, 2020 when the prep work is completed.

Paving is scheduled for Tuesday, April 21 and line striping is tentatively scheduled for Wednesday, April 22. The lot, including both the entrance and exit, will be closed for parking on those days. Once again, if necessary, please use the on-street parking spaces on Main Street at that time.
